	<hr/>
	\$56 11

This certifies that we have examined the foregoing
account and find it correctly cast and properly vouched.

GEORGE D. KIDDER,

GUY A. KENNESON,

Auditors.

REPORT OF SCHOOL BOARD.

As the time comes for us to again render an account of our stewardship, we are glad to be able to report a generally prosperous year for the schools of Rumney. Because of a misunderstanding of the situation at our last meeting, the district failed to appropriate additional school money, thereby losing several hundred dollars of state aid which we have previously enjoyed. A repetition of this mistake is to be avoided.

During the past year we have maintained six schools, of thirty-three weeks each, and we believe that the results will compare favorably with those of previous years. We have been exceedingly fortunate in retaining the same teachers throughout the year, this having been the case in every school except the Village Grammar, where changes have appeared necessary. There can be no question of the desirability of continuing the services of satisfactory teachers, for a change always means different methods and a general readjusting of pupils to new conditions. We are glad to announce that the present teachers will remain with us next term. The year's work has been along the lines of the New Hampshire Program, with necessary modifications. The board was represented at the State Conference at Concord, and the teachers have attended their various conventions. Several teachers' meetings have been held with good results. We have given, this year, thirteen annual and one hundred and twenty-two term badges, several others having missed by a day or two of illness only. The school at Bethesda Home has been visited, as usual, and found doing excellent work, with Miss Harris still in charge. The special appropri-

ation for repairing the Quincy school house was used in re-seating, laying a new floor, new doors, and dressing the walls and ceilings. These improvements have made this an attractive school room, and a similar sum ought to be expended at Mont View, which needs new seats and floor, and the chimney rebuilt, above the roof, at least. A cement floor in the basement at the Depot school, is badly needed. No change in text books has been made, but we believe that a new book on Hygiene is desirable, those now in use being not only antiquated but practically useless from wear. A proposition to allow one member of the school board to spend a day of each week in learning and attending to the needs of the schools is, we believe, worthy of your consideration. A considerable part of last year's appropriation remaining unexpended, our recommendations for this year have been cut somewhat, as follows: For High School tuition, \$250.00; for supplies, \$100.00; for salaries of district officers, \$300.00. No appropriation for flags is necessary, none of last year's having been used.

In conclusion we would say that the relations of your board to teachers, pupils, the general public and each other have been of the pleasantest, of which fact we make grateful acknowledgement.

Respectfully submitted,

E. B. WALLACE,

For School Board.

ROLL OF PERFECT ATTENDANCE.
